

BMF NAMED A 2023 BEST OF THE BEST FIRM BY INSIDE PUBLIC ACCOUNTING

We are excited to announce that we have been named to the [2023 Best of the Best](#) Firms list by INSIDE Public Accounting (IPA), an award-winning newsletter for the public accounting profession.

Comprised of more than 50 metrics, Best of the Best firms are selected exclusively for their high performance. More than 600 firms were eligible for this accolade – ranging from 11 employees to nearly 3,000 – but only 60 made this year's list. This means that this recognition isn't only about numbers (revenue, CPAs, etc.). It's about having an intentional growth strategy for success. This is beyond a notable achievement.

Along with being named a 2023 Best of the Best Firm, BMF was also recognized as a [Great Lakes Regional Leader](#) and a [Top 200](#) Accounting Firm in the nation. There are more than 46,000 public accounting firms in the United States.
